JOURNAL OF MENTAL DEFICIENCY RESEARCH

Editor: Dr B W Richards

THE JOURNAL OF MENTAL DEFICIENCY RESEARCH
contains original research on medical and psychological problems
relevant to mental subnormality.

Recent articles include:

The Effect of Treatment on Mental and Psychomotor Development of Marasmic Infants according to Age of Admission. J. M. Celedon, Diane Csaszar, Jennifer Middleton and Isidora de Andraca.

Age and Mortality Trends in Residents of an Institute for the Mentally Handicapped. B. W. Richards and A. Q. Siddiqui.

Preferences in Attention to Visual Cues in Down Syndrome and Normal Children. B. Stratford.

Dental Asymmetry and Mental Retardation: A Comparison of Subjects with Mental Retardation Resulting from Prenatal or Postnatal Influences. H. S. Barden

Follow-up of Case of Advanced Survival and Trisomy 18. Arabella Smith and Gesina M. den Dulk.

A New Approach to the Treatment of Phenylketonuria. O. E. Pratt.

Extra Dicentric 15pter → q21/22 Chromosomes in Five Unrelated Patients with a Distinct Syndrome of Progressive Psychomotor Retardation, Seizures, Hyper-reactivity and Dermatoglyphic Abnormalities. Maria Zannotti, A. Preto, Paola Rossi Giorvanardi and B. Dallapiccola.

JOURNAL OF EPIDEMIOLOGY AND COMMUNITY HEALTH

STATISTICS by T. D. V. SWINSCOW AT SQUARE ONE

from the British Medical Journal

The statistical testing of data is indispensable in many types of medical investigation and a help on countless occasions in clinical practice. This book provides step-by-step instruction. Subjects covered include standard deviation, χ^2 tests, t tests, non-parametric tests, and correlation. The book includes sections on Fisher's exact probability test and rank correlation not published in the *B.M.J.* series. Methods specially adapted to pocket calculators.

"The ability to put symbols in sequence may well be one of the greatest advances in man's development . . . This excellent and attractive volume will give you an idea into which category an article or projected article fits. The ink you save may be your own. It is superb value."
O'Donnell, Barry, *British Medical Journal*, 1977, 1, 451.

" . . . this gem of a practical booklet squeezes the essence of biostatistics into 75 well-written, well-organized pages. Newcomers to the field will like the way obscure concepts are clarified; experts will find the book valuable as a teaching aid."
de Jong, Rudolph, H., *J.A.M.A.*, 1977, 237, 1874.

Seventh edition Now available

PRICE: Inland £2.50

Overseas US\$10.00
including postage

The combination of
simple language and straightforward
line drawings has made the

ABC OF OPHTHALMOLOGY

one of the most popular series
of articles in the Medical Practice section
of the British Medical Journal.

All the common problems are covered -
visual defects, squints, glaucoma and
cataracts - together with detailed
instruction on examination, diagnosis
and management.

The articles
have now been
collected into book
form - in exactly
the same format
as they appeared in
the BMJ -
price: Inland £2.50;
Overseas US\$6.25
(Inland £2.00;
Overseas US\$5.00
for BMA members).
